Schlichenmeyer of Hwy 33 noted the Hwy 33 Sanitary District water project has not yet completed the landscaping in front of her home. The dirt is substandard and the grass has not been replaced. She requested a timeline for replacement. Vizecky noted the construction company is working on finishing the landscaping to finish the project. Anderson of Boma Court inquired on the location of the Hwy 33 water line to her home. She inquired on additional wells being dug along Boma Road and why they were not added to the assessment line. Drainage and culverts along Boma Road needs to be addressed as well as proper landscaping and mowing of Boma Court. Residents are dumping their yard waste and brush into the ditch line. Pammel Creek needs to be addressed for brush, ditching, and garbage with the DNR. The media has not covered the vehicle accidents along Hwy 33 properly. Candahl noted there will be follow up on the items the Town can assist with and continue contact with the DNR and Highway Dept. Road Crew of the Town discussed the mandatory overtime for June and their respective scheduled vacations. Discussion held that they need to be available during the winter in case of snow and the plows needing to go out. Vacations are planned out accordingly and in advance based on the On-Call rotation schedule and if two or three guys take off, there still needs to be some coverage. With the storm last year and the late spring, the road crew has a lot of work to do this summer so their assistance in putting in extra time is appreciated. Several ideas were discussed such as tenure, first to ask, etc. The

Saturday for Tim Gerke and the camping vacation for Dan Odeen to be approved. Additional time off or vacations are to be reviewed with Fogel and Vizecky to verify coverage and projects needed to completed. Additional summer help is being sought after.
