New GPS Routing System

Hilltopper Refuse & Recycling, will be transitioning to a new GPS-based routing system over the next few weeks.

As routes become more efficient, collection times may change. To help ensure your refuse and recycling are collected, **please place your carts at the curb the night before your scheduled collection day.**

Having your carts out the evening before will help prevent missed pickups as drivers adjust to the new routing system.

Thank you for your patience during this transition and for helping make the change as smooth as possible for everyone in the Town of Shelby.
